

## **Starter guide**

### **PC Users:**

- i. Put the ReefGameSoftware folder in your desired location – usually inside ‘program files’.
- ii. Open the ReefGameSoftware folder
- iii. Double click the file ‘ReefGame.exe’ to open ReefGame.

### **Mac Users:**

NB: VisualWorks™ needs to be installed on your computer to use ReefGame on Mac computers.

See <http://www.cincomsmalltalk.com/main/products/visualworks/>

- i. Once VisualWorks™ is installed, put the ReefGameSoftware in your desired location – usually in ‘applications’.
- ii. Open the ReefGameSoftware folder
- iii. Double click the file ‘ReefGame.im’ to open ReefGame
